

Department of civil engineering

NAME OF FACULTY	TITLE OF PAPER	PUBLICATION
PROF. Y. K. BAJPAI	Comparison of Design of Water tank as per IS 3370(1967) and IS 337(2009)	International Journal Of Innovative Research In Science And Engg. –
	Comparative Studies of Compression and flexural Strength on High Strength Concrete by using Alccofine and fly ash	International Journal of Advanced Technology in Engineering and
	Estimating the Quality of Concrete Bridge Girder Using Ultrasonic Pulse Velocity Test	International Journal of Computational Engineering Research
	Assessment of Characteristic Compressive Strength in Concrete Bridge Girders Using Rebound Hammer Test	International Journal of Computational Engineering Research
	Compressive Property of Steel Fiber Concrete with Mineral Admixture for M35 Grade	SSRG International Journal of Civil Engineering (SSRG-IJCE)
	Comparative Study of M40 Concrete with Marble Dust and Clay”	International Journal of Emerging Technology and Advanced
	Cost Comparison between R.C.C. Beam &Steel composite beam structure of G+5 storeyed building the overall plan dimentionof the	International Journal of Computational Engineering Research
	Cost Comparison between RCC Slab &Steel Composite Slab Structure of G+5 Storied Building The Overall Plan Dimension of the Building is	International Journal of Scientific & Engineering Research
	A Rewiew on the study of compressive Strength of concrete due to partial replacement of ordinary Portland cement with ground	GLOBAL JOURNAL OF MULTI DISCIPLINARY STUDIES
	“Structural Analysis of Reinforced Concrete beams Laminated With and Without FRP”	International Journal of Engineering Associates
	Earthquake Analysis of Multi-Storey Structure with Different Location of Shear Wall with response Spectrum Method Using Hand Method	International Journal of Emerging Technology and Advanced Engineering(IJETAE)
	Effectiveness of Shear Wall-Frame Structure Subjected to Wind Loading in Multi-Storey Building	International Journal of Computational Engineering Research
	Environmental Laws Application To The Building Construction Projects	
	Assessment of characteristic compressive strength in concrete bridge girders using rebound hammer test	International journal of computational engineering research
	Structural Analysis of Reinforced Concrete beams Laminated With and Without FRP	International Journal of Engineering Associates(IJEA)
	Finite Element Analysis And Comparative Study Of Reinforced Concrete Beams Laminated With And Without FRP	
	Compressive Property of Steel Fibre Concrete For M35 Grade	Global Journal Of Multidisciplinary Studies (GJMS)
	Strength And Behaviour Of Steel Fiber Reinforced Concrete For M30 Grade	Global Journal Of Multidisciplinary Studies
	Effects of Fly Ash and Other Ingredients to The Strength And Cost Of „Falgcsd“ (Flyash, Lime, Gypsum, Cement, Stone Dust) Bricks	International Journal of Engineering and Technical Research (IJETR)
	Effects Of fly ash and other ingradientis to the strenth of falgcsd bricks	International Journal of Engineering & Science Research
	Cost & Construcational Comparison Between Rcc & Prestressed Beams Spanning 26m	International Journal of Scientific & Engineering Research
	Cost Comparison Between Rcc & Post-Tensioned Prestressed Beams Spanning 26m.	International Journal of Computational Engineering Research
	Comparative Study of M40 Concrete with Marble Dust and Clay	International Journal of Emerging Technology and Advanced
	An experiment conducted to study the change in compressive strength on partial replacement of ordinary portland cement with ground	
	Environmental Laws Applicable To The Building Construction Projects	IEIJC/HRB
	Wind Energy In Tall Building : BAHRAIN WORLD TRADE CENTER	IEIJC/HRB
	Need For Achieving High Performance Buildings Collapse Patterns Of High Rise Buildings	IEIJC/HRB
	Comparision Of Design Of Circular Water Tank By Wsm IS 3370 (1967) AND LSM IS 3370 (2009)	South Asia Journal Of Multidisciplinary Studies
	Comparative Analysis And Design Of Circular Water Tank As Per IS 3370 (1967) AND IS 3370 (2009)	Global Journal Of Multidisciplinary Studies
PROF. MANISH PATKAR	Growing Vehicular Traffic & Accidents	Organized by Jabalpur Engineering College, Jabalpur
	Wind Energy in Tall Buildings: Bahrn World trade Center	Institute of Engineers, Jabalpur Local Center.
	Collapse Pattern of High Rise Building	Institute of Engineers, Jabalpur Local Center.
PROF. ANUBHAV RAI	Analysis of a RC Building Frame on Terrain Considering Different Seismic zone	
	Effects of Fly Ash and Other Ingredients to The Strength And Cost Of „Falgcsd“ (Flyash, Lime, Gypsum, Cement, Stone Dust) Bricks	International Journal of Engineering and Technical Research (IJETR)
	Effects Of fly ash and other ingredients to the strength of falgcsd bricks	International Journal of Engineering & Science Research IJESR
	Cost & Construcational Comparison Between Rcc & Prestressed Beams Spanning 26m	International Journal of Scientific & Engineering Research
	Cost Comparison Between Rcc & Post-Tensioned Prestressed Beams Spanning 26m.	International Journal of Computational Engineering Research (IJCER)
	A Seismic Comparison of OMRF & SMRF Structural System for Regular and Irregular Buildings	Journal for Research in Applied Science & Engineering
	A Seismic Comparison Of RC Special Moment Resisting Frame Considering Regular And Irregular Structures	International Journal Of Engineering Sciences & Research Technology
	A Comparative Study of Bare Frame, Open Ground Story and Infill Walls in the Alternate Stories using Spectral Acceleration, Spectral Displacement and Time	IJSRD - International Journal for Scientific Research & Development
	A Comparative Study of Soft Story Building with Different Cases of Infill Wall, based on Shear Displacement and Deflection	IJSRD - International Journal for Scientific Research & Development
	Experimental Investigation on High Strength Concrete by using Alccofine and Superplasticizers	International Journal for Research in Applied Science & Engineering Technology (IJRASET)
	Comparative Studies of Compression and flexural Strength on High Strength Concrete by using Alccofine and flyash	International Journal of Advanced Technology in Engineering and Science
	Analysis of A Tall Structure on Terrain Ground Considering Seismic Effect	International Journal for Research in Applied Science & Engineering Technology (IJRASET)
	Analysis of a RCC Building Frame on Terrain Considering Different Seismic Zone	International Journal of Innovative Research in Science,Engineering and Technology
	Strength Properties Of Calcined Kaolin And Silica Fume As Partial Replacement Of Cement	International journal Of Engineering Sciences & Research Technology
	A Review of Strength Properties of Calcined Kaolin and Silica Fume	International Journal for Research in Technological Studies
	Compressive Property of Steel Fibre Concrete For M35 Grade	Global Journal Of Multidisciplinary Studies
	Compressive Property of Steel Fiber Concrete with Mineral Admixture for M35 Grade SSRG	International Journal of Civil Engineering (SSRG-IJCE)
	Comparative Study of M40 Concrete with Marble Dust and Clay	International Journal of Emerging Technology and Advanced Engineering
	M40 Concrete with Marble Dust, Clay (POP) and Wood Apple	International Journal of Recent Development in Engineering and Technology
	Finite Element Analysis And Comparitive Study Of Reinforced Concrete Beams Laminated With And Without FRP	IJESR
	Structural Analysis of Reinforced Concrete beams Laminated With and Without FRP	International Journal of Engineering Associates
	Earthquake Analysis of Multi-Storey Structurewith Different Location of Shear Wall with response Spectrum Method Using Hand Method	International Journal of Emerging Technology and Advanced Engineering
	Effectiveness of Shear Wall-Frame Structure Subjected to Wind Loading in Multi-Storey Building	International Journal of Computational Engineering Research
	Use of Recycled Concrete Aggregates in Fresh Concrete Production with Metkaolin And Its Effect on Compressive Strength of Concrete	
	To Study the Flexural Strength of Concrete with Recycle Concrete Aggregates In The Presence Of Met kaolin	International Journal of Research
	Cost Comparison between RCC Slab & Steel Composite Slab Structure of G+5 Storied Building The Overall Plan Dimension Of The Building Is 56.3 M X 31.94M	International Journal of Scientific & Engineering Research
	Cost comprisonbetween r.c.c.beam& steel composite beam structure of g+5 storeyed building the overall plan dimmension of the building is 56.3 m x 31.94m	International Journal of Computational Engineering Research
	Strength behaviour of steel fibre reinforced concrete with fly ash for M30 grade	Global journal of multidisciplinary studies
	Compressive Property Of Calcined Kaolin and Silica Fume Concrete As Partial Replacement Of Cement For M30 Grade	Global Journal OF Multidisciplinary Studies
	Wind Energy In Tall Building : BAHRAIN WORLD TRADE CENTER	IEIJC/HRB
	Need For Achieving High Performance Buildings Collapse Patterns Of High Rise Buildings	IEIJC/HRB
	Comparision Of Design Of Circular Water Tank By Wsm IS 3370 (1967) AND LSM IS 3370 (2009)	South Asia Journal Of Multidisciplinary Studies
	Comparative Analysis And Design Of Circular Water Tank As Per IS 3370 (1967) AND IS 3370 (2009)	Global Journal OF Multidisciplinary Studies
PROF. DILIP SHRIVASTAVA	EFFECT OF LIME AND RICE HUSK ASH ON ENGINEERING PROPERTIES OF BLACK COTTON SOIL	International Journal of Engineering Research and Science & Technology
	EFFECT OF LIME AND RICE HUSK ASH ON INDEX PROPERTIES OF BLACK COTTON SOIL	International Journal of Engineering Sciences & Research Technology
PROF. SATYENDRA DUBEY	experimental study of concrete with metakaolin as partial replacement of opc	International Journal of advanced Engineering Research and Science
	The influence of metakaolin on compressive strength of concrete	Global Journal OF Multidisciplinary Studies
	experimental analysis as per IS 800-2007 using computer aided design for compression member	International Journal of Science Technology & management
	wind force analysis of intze type water tank in various wind zones using staad-pro	International Journal of advanced Engineering & Research development
	comparative analysis of overhead water tank of intze type having inclined legs and straight legs	International Journal for science & advanced Research in technology
	a review on the study of compressive strenght of concrete due to partial replacement of opc with ggbfs and flyash	South Asia Journal Of Multidisciplinary Studies
	an experiment conducted to study the change in compressive strength on partial replacement of ordinary portland cement with ground granulated blast furnace slag and flyash after curing for 28 days.	Global Journal OF Multidisciplinary Studies
	design aids as per IS 800-2007 using computer aided design for tension member	International Journal for reseach in applied Science & Technology
PROF. SUYASH AWASTHI	design guidelines for establishing modified intigrated pond arrangement system for effective treatment of wastewater in katni distt.	International Journal of Engineering Sciences & Research Technology
	design guidelines for establishing modified intigrated pond arrangement system for effective treatment of wastewater in jabalpur distt.	International Journal of Engineering Sciences & Research Technology
PROF. SOURABH PARE	Comparision Of Design Of Circular Water Tank By Wsm IS 3370 (1967) AND LSM IS 3370 (2009)	South Asia Journal Of Multidisciplinary Studies
	Comparison of Design of Water tank as per IS 3370(1967) and IS 337(2009)	International Journal Of Innovative Research In Science And Engg. – (IJCER)
	Comparative Analysis And Design Of Circular Water Tank As Per IS 3370 (1967) AND IS 3370 (2009)	Global Journal OF Multidisciplinary Studies
PROF. SOJIL JAIN	CHANGE OF INDEX PROPERTIES OF BLACK COTTON SOIL DUE TO ACID CONTAMINATION	International Journal of Engineering Research and Science & Technology
	CHANGE OF ENGINEERNG PROPERTIES OF BLACK COTTON SOIL DUE TO ACID CONTAMINATION	International Journal of Engineering Research and Technology
