Subject: Regarding letter for Increase in Intake of our institute w.e.f. 31/07/09.

Reference: 1. Our file no. 06/01/MP/ENGG/2003/006 dated August 3, 2009.

2. Order from Hon. High Court Jabalpur dated.....

Dear Sir,

With above reference we would like to thank for considering our application and approving two additional courses in engineering to start from session 09-10 in 2 Branches i.e. Civil and Electrical & Electronics Engg. This approval was granted to us on 30th July 2009.

Subsequently the approval letter from AICTE is issued on 3rd August 2009, which we received on 21st August 2009. Meanwhile there was a matter going in the Honorable High Court of Madhya Pradesh regarding extension of date of Approval for including the increased seats into counseling for year 2009-10 and that is decided 31/07/09.

Now we are facing the problem that though our seats got increased before 31/07/09 but the approval letter is issued on 3/08/09, the govt. is not including our seats in counseling for this year.

~~So, we request to your good self that, kindly issue another approval letter stating the effective date of approval of the additional courses/seats for our institute so that those can be added in the counseling for 2009-10.~~

An early action would be highly appreciated.

Thanking you in anticipation.

Yours truly

III) Professional Accomplishments

- As a key member of the VIT family, journeyed from Vellore Engineering College to Vellore Institute of Technology to Deemed University to the present status of the University, steering the progress of the institution as an important functionary
- Given guidance and formulated the relative grading system at VIT University and being followed from 2003 at university and also chairman for the revision of examination system at VIT University.
- Contributed significantly to VIT's rise to the present status as the No. 1 private engineering institution in India
- Carried out the functions as the Head of Civil Engineering Department at 36 years and made it as the top-five Civil Engineering Department (Ref: Sun TV) in engineering

colleges of Tamil Nadu with dynamism and newer thoughts that were acquired during doctoral studies at IIT Madras

- The career progression from an Assistant Professor to the Dean in a span of less than a decade and wide variety of high functional responsibilities in the University are ample proofs of abilities of an inspirational leader
- The accelerated growth of the University can be attributed to the implementation of the recommendations given as a member of the Committee for Organizational Re-structuring of the University's functioning. It is a fact that many institutions are now trying to emulate and implement this 'success mantra' towards progress of their institutions.
- Helped to establish the present day high academic standards as a Member of the Board of Studies and the Academic Council
- Chairman for the introduction of flexible credit system at VIT University. This type of system quite useful to the slow learners and provide a good platform for the fast learners to achieve grades earlier than stipulated time.
- Revised and updated the syllabi of the subjects of Civil Engineering at BTech and MTech levels periodically to be industry-specific and to accommodate the technological advances
- The accomplishments in the academic field at National level are well rewarded by the Confederation of Indian Industry, Southern Region, Bangalore through an offer to be a Member of its Education Subcommittee
- Contributions in the field of Environmental Engineering are acknowledged with the Membership of the District Environmental Committee, under the chairmanship of the District Collector
- Co- coordinated an International Roundtable hosted by the Government of India and held at VIT University that had representations from more than a dozen countries around the world on Disaster Management organized under the aegis of CDMM of VIT University and NAM Science and Technology, New Delhi
- Prepared and delivered a series of lectures aimed at enhanced teaching-learning processes as an Associate Dean of Academic Staff College on a wide-ranging subjects like Educational Tools, Lesson Plan Preparation, e-Learning, Learning and Teaching, How to Prepare Research Papers, Student Performance and Evaluation and others
- Contributed to the well-acclaimed infrastructure growth of the University as a Member of Planning and Monitoring Board
- Played a key role in all the accreditations through administrative activities of VIT in various accreditations from ISO, NBA, NAAC, IET (UK), Energy Institute (UK) and presently a coordinating Member of ABET accreditation team
- Member of the mock accreditation team from VIT to different specified institutions
- Coordinator for the preparation of Aeronautical Engineering Syllabus and ERP Solutions for Academic Administration

**IV) Teaching
Subjects Taught**

Undergraduate

- : Surveying
- Fluid Mechanics
- Water Resources Engineering
- Hydraulic Structures and Machinery
- Ground Water Engineering
- Hydrology

Postgraduate

- : Transport of Water and Waste Water

V) Research

a) Publications

No. of Technical Papers Published	:	106
• Refereed Journals	:	41
• International Conferences	:	22
• National Conferences	:	43

b) Funded Projects

- Completed **Rs. 55,00,000** worth Software for MWH Soft, USA and completed two projects using the same software
- Presently carrying out a **Rs. 15,60,000** Department of Science and Technology, funded Project on "Study on the Effect of Curvature on the Mean Flow Characteristics"
- Presently carrying out a **Rs. 4,68,000**, Tamil Nadu Pollution Control Board sponsored project on Water Quality Monitoring of Rivers in Tamil Nadu – Palar River
- Presently carrying out a project of worth **Rs. 8,93,000** awarded by DST on Modeling of Pollutant Transport in Groundwater - A Case Study in Palar River Basin

c) Research and Consultancy Works Completed

1. Designed an experimental set up for testing of breather valve at FCRI both in Pressure and Vacuum mode of operation
2. Designed a low velocity calibration pitot tube probe for FCRI to measure the velocities in the ranges from 1 to 40 m/s
3. Designed two five-hole probes and two yaw-probes to measure three dimensional velocities in a fluid flow and tested and calibrated up to a pressure of 6 bar and a temperature of 80⁰ C.
4. Calibrated a variety of flow measurements such as Rotameters, Vane Anemometers, Pitot Static tubes and assessed their performances
5. Assessed the turbulence level of wind tunnel in FCRI
6. Developed FORTRAN software for calibrating the hot wire anemometer. The program is helpful to measure the calibration constants for the hot wire bridge and linearizers in the hot wire anemometer systems
7. Designed a test set up for calibrating the flow meters in low velocities using large amounts of hot wire anemometer as a reference probe to measure velocities between 0.2 to 1.4 m/s
8. Designed a test bench for measuring the permeability of the porous plates using standard reference meter
9. Estimated pressure losses in PFBR assembly which compared well with the experimental results
10. Designed a set up for pressure testing of PVC pipes to measure up to 6 Kg/cm² and another set up for testing the pumps with all ranges of discharges and heads.
11. Designed a jet tunnel in the fluid mechanics laboratory

d) Setting Up of Meteorological Laboratory

Meteorological Laboratory has been set up in the Department of Civil Engineering. All the necessary instruments procured and installed in the site

VI) Honours

- Fellow of Institution of Engineers (India)

- Excellence in Engineering Education – Awarded by MWH Soft INC. USA

VII) Scholarships

- National Merit Scholarship holder from 1981 to 1988
- GATE Scholarship holder from 1989 to 1991
- MHRD Scholarship holder from 1991 to 1995

VIII) Recognition from External Engineering Institutions

Invited Position	Event	Institution	Period
